

Exciting opportunity for Advanced Practitioners in Greater Manchester

We are looking for 3 advanced practitioners currently working across primary, secondary and community, private and voluntary sectors for a short-term project to develop a multi professional, multisystem advance practice forum to support clinical and professional supervision and development.

Working with the GM Higher Education Institutes and GM Advanced Clinical Practice Group who will have oversight of the project it is envisaged the 3 ACP Project leads will work collaboratively across the GM system.

Each ACP Project Lead post will be backfilled/ funded for 1 day per week from June 2021 until 31st March 2022.

AfC Band 8a
