

# FOUNDATION COURSE

## GENERAL PRACTICE NURSING

**Join us on our year long taught foundation course in general practice nursing where you can gain the skills and experience to develop your confidence and delivery of primary care**

**Here is some feedback from our first cohort...**

"THE COURSE HAS COVERED EVERY ASPECT OF GENERAL PRACTICE NURSING AND HAS BEEN A FANTASTIC FOUNDATION FOR ALL THOSE NEW TO PRACTICE NURSING. I FEEL EXTREMELY LUCKY TO HAVE HAD SUCH AN OPPORTUNITY"

"EVERY TEACHING SESSION HAS BEEN INFORMATIVE AND INTERACTIVE WITH EACH CANDIDATE BEING GIVEN THE OPPORTUNITY TO ASK QUESTIONS AND SHARE EXPERIENCES RELATED TO THE TOPICS BEING DISCUSSED"

"THE LECTURERS AND SPEAKERS NOT ONLY TAUGHT ME VALUABLE CLINICAL SKILLS AND THEORY, BUT ALSO HELPED TO BUILD MY CONFIDENCE AS A PRACTICE NURSE AND MEMBER OF THE PRIMARY CARE MULTIDISCIPLINARY TEAM"

**Further information...**

*This programme is specifically designed for NMC registered nurses who are either newly registered and/or newly employed in general practice or wish to develop their skills and progress their career within primary care.*

*This foundation course in general practice nursing supports your personal and professional development as well as delivery of a safe and effective care. You are encouraged to actively participate in your learning where you will share your knowledge; experience with your peers and colleagues.*

*Fully inclusive timetable including: chronic disease management, family planning, male and female health, cytology, immunisations; vaccinations, along with a full portfolio and more.*

**Contact [salccg.spctacademy@nhs.net](mailto:salccg.spctacademy@nhs.net) for more details on how to access this foundation programme or to hear more from our general practice nurse ambassadors from cohort one**
